Dear Mr. Kennedy:

Poverty affects 37 million Americans, about a third of them children. The Sargent Shriver National Center on Poverty Law is devoted to ending this problem through policy development, communications, and diverse advocacy strategies. We are pleased to present you with this candidate questionnaire, which will serve to guide U.S. citizens on the candidates' plans for poverty-related action following the 2008 election.

Your views will affect the discourse on poverty as we all go through this presidential campaign season. That discourse is certain to have a tremendous impact on the future direction our country takes in dealing with poverty problems, no matter who becomes our next president.

We hope you will find a few minutes to complete this survey and express your positions on poverty issues. Although all the questions are "yes/no," we encourage you to write any comments you may have, especially if your position is more nuanced than a yes or no. If you need more space, feel free to attach extra material. You may return the survey by mail, or fax it back to us at (312) 263-3846. If you would prefer an electronic version of this survey, please email delnaweil@povertylaw.org. In either case, **please return the completed questionnaire to us by July 20th, 2007.**

If you have any questions, please do not hesitate to call Rita McLennon at (312) 368.2001, or visit our website at www.povertylaw.org.

Thank you for participating in this effort to gather information. We appreciate your time in answering all of the questions.

Sincerely,

John Bouman
President
